## **CSU Strategic Plan - Access to Excellence - in progress**

The final version of the annotated outline that will serve as scaffolding for the first draft of the Access to Excellence strategic plan is completed and has been posted on the CSU's strategic planning Web site for comment at CSU-CO URL:

[http://www.calstate.edu/acadaff/System\\_Strategic\\_Planning](http://www.calstate.edu/acadaff/System_Strategic_Planning). The steering committee has tried to ensure that this outline reflects the general input resulting from the individual campus conversations, as well as the consensus recommendations from the system-wide summit held in April 2007.

Comments on the annotated outline are invited from the broader CSU community, as well as from "external partners" who participated in the system-wide summit. Those wishing to offer input on the outline should send them to Trudy Hernandez, Academic Affairs at the Chancellor's Office, at [thernandez@calstate.edu](mailto:thernandez@calstate.edu), who will make all such comments available to the steering committee so that they can be considered in the drafting process.

It is anticipated that the first draft of the plan will be completed and disseminated for comment in early fall 2007. There will then be another opportunity for comment from the CSU community and interested external stakeholders.

The Access to Excellence planning timetable calls for the convening of three or more stakeholder meetings in fall 2007, after the first draft has been released. Details as to the number and nature of these meetings will be made public as soon as the steering committee has agreed upon them. Since the intent of these meetings is to seek input from and provide information to interested external communities, it is unlikely that they will include broad campus-level participation. Summaries and results of these meetings will be made available on the Access to Excellence Web site.

Faculty and staff members are encouraged to share the news widely among colleagues that the annotated outline has been posted and that comments are welcome as described above.

## **Community rep needed for IACU Committee**

Cal Poly's Institutional Animal Care and Use Committee is seeking a representative from the community to serve on the committee. Consistent with federal guidelines, this person may not be affiliated with Cal Poly nor may any member of his or her immediate family. In addition, candidates for the community representative position should have a reasonable degree of scientific and technological knowledge. The role of the IACUC is to oversee the use of vertebrate animals in research and education at Cal Poly, so as to ensure compliance with federal guidelines for the humane care and use of these animals. Service on the committee is voluntary and uncompensated. Faculty and staff members who wish to recommend someone may contact Dan Peterson, IACUC chair, at ext. 6-7633 or [dpeterso@calpoly.edu](mailto:dpeterso@calpoly.edu).
